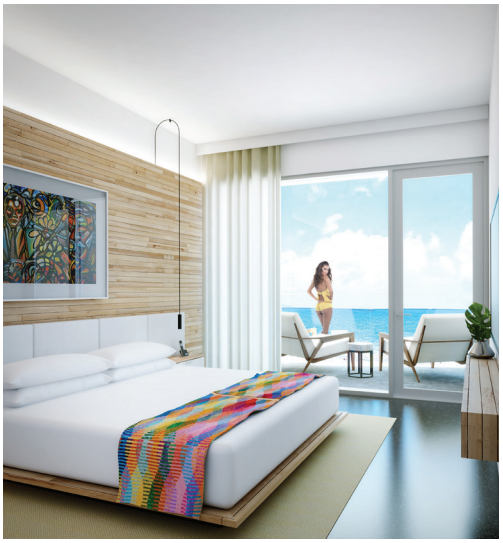
TROPICOCO RESORT

HOTEL DEVELOPMENT



LOCATION Havana, Cuba

SIZE 225 Room Hotel

The Tropicoco Resort is an existing 225 room hotel located on the coast just minutes from downtown Havana. Eckenhoff Saunders worked with Rebel Hospitality to create renovation and expansion concepts for the entire property.

All public and guest room areas would receive new finishes, systems, glazing, and new exterior balconies. Onsite structures would be restored while new villas, pools, and cabanas would be added. The relationship between hotel and beach would be strengthened to encourage guests to use waterfront activities.
