

# ANN NELSON

SENIOR ARCHITECTURAL DESIGNER

## EDUCATION

Master of Architecture,  
Illinois Institute of Technology  
Bachelor of Science in Biology,  
Southern Illinois University

Ann joined Eckenhoff Saunders as a senior healthcare architectural designer in September 2019. Before joining the firm, she was with Matthei & Colin Associates for twenty-five years, working on projects ranging in size and complexity, including clinical areas, catheterization laboratories, MRI scan rooms, radiology rooms, and surgery departments. Ann enjoys working on various departmental specialties and spaces in a hospital setting and likes the challenge of scientific aspects of healthcare architecture. Her expertise includes facility surveys, consultant coordination, permit/construction documents, IDPH/local code document submittals, and construction management.
