1840 Oak Avenue

Bob has been with Eckenhoff Saunders for 32 years and has managed more than 50 projects. He is accomplished with complex projects involving large consulting teams and challenging construction operations. He is thoroughly conversant with BIM software and has provided full-time construction inspection services on education, healthcare, and retail projects.

Significant projects include the \$52M Southgate Market retail/parking development in Chicago, the \$50M Northwestern Memorial Hospital childcare center and parking structure, and a \$25M research building for Northwestern University HealthSystem. He also served as project architect for the new Glenbrook Hospital Emergency and Radiology departments. Bob is a registered energy professional for the City of Chicago and is a past member of the Orland Hills Planning Commission.
