

# LUKE STANDBROOK

INTERIOR DESIGNER

## EDUCATION

Bachelor of Science,  
Interior Architecture,  
University of Wisconsin-Madison

A recent graduate from the University of Wisconsin-Madison's Interior Architecture program, Luke works closely with various clients to determine the right approach to their interior design needs, both from an aesthetic and functional standpoint. He prides himself on researching new ways to advocate for environmental, economic, and social justice through the design processes. When prompted the question, "What's the best piece of advice you've ever been given?" as part of a new staff ice breaker questionnaire, Luke replied, "Life will never pity you if you're down – the only thing that can bring you back up is you."
