

NAVY PIER HOTEL DESIGN CONCEPT FINALIST

BOUTIQUE HOTEL, RESTAURANT, AND BREWERY CONCEPT LOCATED IN CHICAGO'S FAMOUS NAVY PIER

CLIENT Rebel Hospitality | **LOCATION** Chicago, Illinois (Navy Pier) | **SIZE** 208 guest rooms

PROJECT SCOPE

Eckenhoff Saunders and Rebel Hospitality teamed to create an extraordinary hospitality experience on Chicago's Navy Pier. The seven-story venue comprises 208 guest rooms arranged in a linear fashion, where all rooms have balconies overlooking the lake, shoreline, and skyline. Pier-level amenities include a craft brewery, a restaurant venue, and a display kitchen, all opening onto the pier and the cruise ships docked nearby. In addition, the hotel has a dedicated drop-off, parking, entry lobby, and interior atrium with escalator connections to level two of the conference/convention facility. The hotel also features a stunning rooftop entertainment club and fitness center with 360-degree panoramic views of the lake and city. The architecture takes its cue from the nautical imagery of ship hulls and water.
