

DULY HEALTH AND CARE - PHYSICAL THERAPY SUITE

WELCOMING PHYSICAL THERAPY SUITE OFFERING PATIENTS TOOLS FOR WELLNESS AND RECOVERY

CLIENT Duly Health and Care | **LOCATION** Burr Ridge, Illinois | **SIZE** 3,500 sf

PROJECT SCOPE

Eckenhoff Saunders teamed up with Duly Health and Care (Duly) to finalize a new physical therapy (PT) suite in Burr Ridge, Illinois. Working closely with the Duly team, Eckenhoff Saunders identified the new PT facility as a prime location to meet the growing community's needs. Patients are greeted by a warm, inviting lobby featuring floor-to-ceiling windows to maximize daylight. The entrance segues into an ample, open gym-like area that promotes physical activity, specifically jogging or running.

The PT suite is located below multiple residences. As a result, the team took great lengths to be a good neighbor and limit acoustic/ventilation challenges during the project's build-out. Eckenhoff Saunders played a pivotal role in the design and planning of the suite. The team assisted in equipment placement and provided design expertise in lighting, colors, graphics/patterns, and furniture. These items and materials blend seamlessly, creating a highly functional environment where patients and staff thrive.
