

ASHA PATIL

ASSOCIATE

EDUCATION

Master of Architecture,
University of Michigan

Bachelor of Science in Architecture,
University of Michigan

Asha is a critically important member of our healthcare design team. With over 20 years' experience exclusively in the healthcare market, she understands hospital campuses and clinical departments' operational complexities. Having managed many surgery and emergency department projects from master planning through construction, Asha can successfully navigate the challenges of complex departmental relationships and large design teams. Clients and peers alike have benefited from Asha's depth of technical knowledge and communication skills.

Asha's primary focus has been servicing the master planning and clinical planning needs at multiple hospitals, including Skokie, Evanston, Highland Park, and Silver Cross. Past and current projects include conceptual design, programming and schematic design of surgery and emergency department expansions, and reorganizations. As a Senior Healthcare Planner, Asha has also helped clients establish cardiac catheterization, cardiac imaging, and radiology departments.

Evanston Hospital, NorthShore University HealthSystem

Evanston, Illinois

- Reset/Expansion of Ex-Emergency Department
- Conceptual Design for Expansion of Cardiac Catheterization Department
- Searle Renovations
- EP Bi-Plane Suite
- Pharmacy Assessment
- Behavior Health Assessments

Glenbrook Hospital, NorthShore University HealthSystem

Glenview, Illinois

- Behavior Health Assessments
- Kellogg Cancer Care Pharmacy
- Conceptual Design for Cardiac Imaging Department and Nuclear Medicine

Gottlieb Memorial Hospital

Melrose Park, Illinois

- Emergency Department Expansion and Renovation

Highland Park Hospital, NorthShore University HealthSystem

Highland Park, Illinois

- Surgical Pavilion Renovation
- Emergency Department Expansion and Upgrade
- Cardiac Catheterization/Interventional Radiology Expansion
- Kellogg Cancer Center Pharmacy Assessment and Design

Silver Cross Hospital

New Lenox, Illinois

- Emergency Department Expansion and Renovation
- Cardiac Care Unit
- 6-Story Addition Including Buildout/Expansion: Observation, On-Call, Cardiovascular Surgical Suite, and NICU

Skokie Hospital, NorthShore University HealthSystem

Skokie, Illinois

- Surgical Pavilion Addition & Expansion
- Masterplan Development and Implementation
- Clinical Lab
- Cardiac Catheterization IR Suite
- Radiology Department Reset and Expansion
- Nuclear Medicine Department Reset & Expansion
- Ambulatory Surgery Unit
- GI Department Design & Construction
- Sterile Processing Department Expansion

Advocate Christ Children's Hospital*

Oak Lawn, Illinois

Advocate Illinois Masonic Medical Center*

Oak Lawn, Illinois

- OR Upgrade

Holy Cross Hospital*

Silver Spring, Maryland

- Surgery Addition
- Sterile Processing

Ingalls Memorial Hospital*

Harvey, Illinois

- Surgery Department Renovation

Northwest Community Hospital*

Arlington Heights, Illinois

- Mother-Baby Unit Including C-Section, Post Partum, and Nurse
- Emergency Department Observation Unit
- Patient Bedtower Addition
- Oncology department Reset and Equipment Replacement

**Prior to Eckenhoff Saunders*
